07-19-82 - 0740 hrs

This writer received a phone call from Investigator Adcock of Alexandria Police Department, Alexandria, Virginia, who related there was a KATHLEEN S. HENKE, W/F 21 years, 203B West South Street, Frederick, Maryland, who had been raped in Frederick and brought to Alexandria where she was dumped in a cemetery, gagged, tied, and left nude. Presently she was at the station. They had also recovered her vehicle, which was taken by a B/M 5'7"/175 lbs., early 20s, medium complexion, nfd. He requested an investigator come to Alexandria to work with him on this case. He advised that the victim stated her 20-month old son was left alone in the apartment.

Cpl. A. S. Moore and Pvt. R. H. Kane were assigned to go to the address to see what the situation was. Cpl. Moore came back and advised that Uniformed Patrol had been to the apartment earlier on a B&E complaint filed by the victim's husband at 0658 hours (see 82CR10703). A copy of this report is attached; it is made a part of this investigation.

Cpl. Moore and Pvt. Kane were advised to go back to the apartment to conduct the investigation concerning a rape while this writer would work with the Alexandria Police Department.

This writer contacted Investigator Phillip Adcock of the Alexandria Police Department. This writer then contacted the victim who was attired in a dress only. All other clothing had been torn or left at her apartment. She was in need of medical attention and examination as the doctors in Virginia refused to examine her due to the offense occurring in our area. They did not want to get involved.

This writer spoke briefly with the victim, who was identified as

KATHLEEN S. HENKE  
W/F 21 years  
203B West South Street  
Frederick, Maryland

She related she was raped repeatedly in her apartment by a B/M who had told her he had been watching her. After a 2 1/2-hour ordeal in her apartment, he forced her to accompany him in her 1980 VW Rabbit, white in color, to Alexandria, where she was forced from her vehicle, beaten, her clothing torn off her body. She was gagged, tied, and left nude in a cemetery. This was after daylight. She was afraid the suspect was going to kill her, as he covered her face with a towel and got in her car and appeared to run close to her. After she no longer heard the car, she managed to get her feet free, went across the street, hid behind a truck in the parking lot of 1325 Wilkins Street, waited until she observed Mr. and Mrs. Edward Barker get out of their car. She called to them and stepped out from behind the truck. Mrs. Linda Barker went to her aid and placed the towel around the victim and took her into 1325 Wilkins Street, the office of Data Mail, Inc., from which the police were called. The victim called her husband to go get the baby; this was 0600 hours.

Officers Rencon and Rippey responded to the scene and interviewed the victim briefly and gave out the description of the vehicle. Within minutes, Officer Agne observed the victim's vehicle in the 200 block of North Alfred Street; she pursued the vehicle, which turned in to the alley at 225 North Alfred Street; the operator fled from the victim's car, going through the alley. He was last seen on North Patrick Street. The vehicle was towed to the Alexandria Police Department garage for processing by the Identification Bureau.

In the meantime, the victim was transported to the Alexandria Police Department and turned over to Investigator Adcock.

The vehicle was processed by Alexandria Identification Bureau members. Mr. Jerome A. Mitchell and Cpl. John Avery processed the vehicle.

Mr. Jerome A. Mitchell, fingerprint expert, a civilian who is employed by the Alexandria Police Department as a fingerprint examiner, examined the prints of the suspect ELLIS and related he had identified latent prints off of the dash of the victim's vehicle as belonging to the accused ELLIS; copy of lab results attached.

During this investigation, information was received that the vehicle was seen prior to being stopped with two persons in it, one being CALVIN PHILLIPS, N/M., of 226 North Patrick Street. Attempts to locate PHILLIPS were negative for two days, Monday & Tuesday. On Wednesday morning, 7-21-82, Mr. Phillips appeared at the Alexandria Police Department, stating he had heard the detectives were looking for him. This was at 0730 hours on 7-21-82. This writer was notified and went to Alexandria to interview Mr. Phillips.

Mr. Phillips, prior to this writer's arrival, had given a taped statement to Investigator Adcock concerning this investigation. This writer reinterviewed Phillips and went over his statement with him, which was also taped. Each of Phillips's statements are attached and made a part of this investigation.

**SUMMARY OF CALVIN PHILLIPS'S STATEMENTS**

Phillips related that sometime between 0530 hours and 0600 hours on Monday morning, the day of the crime, his nephew, NORRIS BERNARD ELLIS, came to his home, knocked on the door. Phillips opened the door; the accused was wearing a beige-looking shirt with pink sleeves, white shorts, and tennis shoes. The accused related to Phillips he had stolen a car, made a woman drive to Alexandria with him. He left her tied up and did not say where. He asked the accused if he raped the woman and was told no. The reason he asked the accused was that the accused had been charged with Rape several months ago.

The accused asked Phillips to help him sell the stereo; Phillips related the stereo was a J. C.

**SUMMARY OF STATEMENT OF VICTIM - KATHLEEN SUE HENKE      W/F 10-4-60**

Victim returned to her residence from the beach between 2130 and 2145 hours on Sunday 7-18-82. After entering her residence and putting her 20-month-old son to bed, she watched television and did her nails. At approximately 2200 hours, she received a call from her friend in Pennsylvania, talking to him until approximately 2230 hours. Victim retired between 2230 and 2300 hours, turning off all the lights and placing the kitchen light on "dim."

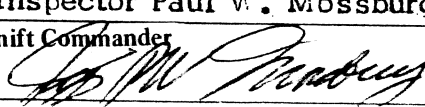

At approximately 0145 hours on Monday 7-19-82, she heard the neighbors' dogs start barking and heard a noise on her front porch. She turned on several lights and saw the time on the microwave in the kitchen. She heard a noise like metal being dropped and turned on a light. She heard a creak and went to the kitchen to get the phone book. She went through the living room to look out the window and saw somebody bending down. She had the phone in her hand and the phone book on her lap. The subject kicked in the door, turned off the light, put his hand over her mouth, knocked her onto the couch, and told her to stop screaming. He was nervous and kept looking out the window; during this time the dogs were still barking.

Subject would not let the victim out of his sight. He told her to take off her clothes; when she refused, he ripped the shirt which the victim was wearing in half. He tore off her shorts and then started disrobing, kissing the victim and telling her that he loved her. Subject repeatedly kissed the victim and felt all over her body. As he was preparing to enter her, he said "Say you love me, Stoney." Over the next two and one-half hours, the subject forced the victim to submit to sexual vaginal intercourse between 5 and 10 times, anal intercourse two or three times, and fellatio in excess of five times and possibly in excess of 10 times. Subject ejaculated twice, one after vaginal intercourse and once as a result of anal intercourse.

Subject then stole various items from the victim's residence. He forced the victim into her car and forced her to drive him a short distance in Frederick City. He then took over the driving and told the victim to teach him how to drive the vehicle. Subject became upset at the various lights, etc., on the instrument panel in the victim's vehicle, at one point telling her "What's the light? Turn the fucking light off." Victim attempted at one point to exit the vehicle but was pulled back into the vehicle by the subject, who then proceeded to beat her.

Once they arrived in the Alexandria area, subject pulled into a cemetery, jumped out of the seat, jumped toward the victim, and beat her several more times. He somehow got the victim underneath a tree and ripped her clothing (by this point a pair of shorts and a sundress) off of her. He then bound and gagged the victim and covered her with a towel. Subject returned to the vehicle and, after having difficulty getting the vehicle moving, left the area. Victim waited a while and managed to undo the bindings on her feet.

Summary of Victim's Statement - Continued

Victim saw houses in the area of the cemetery. As she started running, she saw the subject standing on the porch of one of the houses. She ducked down behind the headstones and saw a data-processing business or warehouse-type building nearby. She ran behind a car and then behind the truck, all the while watching the subject, who had not seen her. Victim began getting hysterical. She heard a gentleman walking, behind him was another gentleman and a lady. Victim came out from behind the vehicle and was assisted by the subjects. These subjects took the victim into the office building, assisted her, and called the Alexandria police authorities.

Victim's signed 18-page statement is attached for further details and information.

CID Supplement K-1  
07/19/82203 B West South Street  
Frederick, Maryland 21701

Cpl Moore and myself were send to 203 B West South Street to check on a 20 month old. This department had received a call from Alexander Police Department stated that a Kathleen Sue Henke of that address had been found in their city. Her story

is that her apartment was broken into, she was raped and her 20 month old child was left alone in the apartment. We drove to the apartment and found the apartment unsecure. The only exterior door appeared to have been kicked in and the interior appeared to have been ransacked. We checked the interior and were not able to find the child. Cpl Moore checked with a neighbor, and she advised that a city police officer had removed the child earlier that morning.

We returned to the station and checked with the patrol unit which had been working, and found that Officer Paul Gary had responded to the 203 B West South Street address for a reported Breaking and Entering and the abandonment of a child. Officer Gray told these investigators that he had given the child to the father and he had removed same.

Cpl Moore with the victim over the telephone and advised her of our procedures and that we would be down to get her. The victim, Kathleen Sue Henke advised that the rape had occurred in the living room. Myself, Cpl Moore and Officer Gray returned to the West South Street address and processed the crime scene. 7-28-82 - Ellis was taken to the Frederick County Jail, where the three (3) rings and shoes, as described by the victim, were taken from him. They are held under Property #40924 as evidence and have been placed in the Department's Property Room.

A Search & Seizure Warrant was obtained on 7-28-82 and signed by the Honorable Stanley Y. Bennett. At 1815 hours, Ellis was picked up at the Jail by this writer and 2/Lt. J. R. Fraley, Jr., and transported to Police Headquarters where the Search Warrant was served. Ellis was given a copy of the Search & Seizure Warrant at 1945 hours on 7-28-82.

Ellis was advised of what we wanted as named on the warrant. He combed and plucked pubic hairs himself as well as combing his head. 2/Lt. Fraley plucked hairs from Ellis's head. The cotton swabs for saliva were done by Ellis himself. Mrs. Nellie Mender, R.N., who has been utilized by this Department for ten (10) years as one of the medical personnel authorized by the MSP Lab to draw blood for examination, was called and came to Police Headquarters to draw the blood from Ellis in this writer's presence. She handed the blood sample to this writer.

The evidence obtained from Ellis was forwarded to the MSP Lab on 7-29-82.

7-29-82z This writer went back to Alexandria PD to followup on this investigation and obtained photographs of the crime scene and vehicle taken by Officer G. A. Ground of the Alexandria Police Department on 7-19-82. Also obtained were reports of Alexandria's police officers as to each of their roles in this investigation.

Officer L. E. Agone:

This officer was stopped at a traffic light at Queen & North Patrick Streets and saw a white VW Rabbit going at a high rate of speed, eastbound. It crossed North Patrick Street and entered an alley off the 200-block of North Alfred Street. A N/M exited the passenger side of the vehicle and fled through the alley. He had been alerted to be on the lookout for this vehicle in relation to this case. He spotted the car at approximately 0655 hours.

Officer G. A. Ground:

This officer was called to the scene to take possession of the stolen vehicle. The vehicle was photographed and, to assist the fingerprint expert, Mr. Mitchell of the Processing & Identification Bureau of the Alexandria PD, the vehicle was towed to the Police Garage where it was completely processed. A number of latent prints were lifted by the investigating officers from Alexandria PD. Mr. Jerome Mitchell, lab technician for Alexandria PD, lifted the latent prints which have been identified as belonging to Ellis. Mitchell also is the fingerprint examiner who identified the latent prints as belonging to Ellis.

Summary of Investigation:

Street is locked. You have to go into the alley off of South Bentz Street, between West All Saints Street and West South Street.

Henke heard someone at her door. She got up and put on a light, seeing a figure at the door. She went to pick up the phone to call the police. At this time Ellis kicked in the door. He knocked Henke to the floor, ripped out the phone. For the next two (2) to two and one-half (2 1/2) hours, Henke had various sexual acts committed against her person. She resisted these acts; each time she was pushed or forced into committing these acts.

After committing these sexual acts, Ellis ransacked Henke's apartment, taking money, jewelry, a stereo, and other items. He forced Henke to accompany him to Alexandria, Virginia, in her vehicle, where against Henke's will, she was beaten, forced out of the vehicle, her clothing was ripped from her body. Ellis tied Henke's hands and feet with parts of Henke's clothing and left her tied and gagged in the Alexandria National Cemetery.

Henke was able to get her feet untied and walked to the Data-Mall, Inc., building, where she hid behind a truck until Mr. and Mrs. Edward Barker arrived for work at 0600 hours. They saw Henke and assisted her into the office, where the Alexandria Police were called.

Officer Rencon, a uniformed officer, responded to the call and made the initial broadcast for Henke's vehicle. Officer L. E. Agone was on patrol and spotted the vehicle; he attempted to make apprehension of the person operating the vehicle who fled the scene when attempts were made to stop the vehicle. Officer Ground and Jerome A. Mitchell photographed and processed the vehicle, lifting prints which were identified by Mr. Mitchell as belonging to Ellis.

Cpl. John Avery, Alexandria PD, had previously taken fingerprints of Ellis in another investigation. These known fingerprints of Ellis are on file at the Alexandria PD and were used to make the identification.

Henke had given information concerning some items of identification about her attacker. With the statement obtained from Calvin Phillips concerning his involvement in this case in Alexandria, Virginia, and the fingerprints of Ellis being in the vehicle, warrants were obtained for Ellis.

On 7-27-82 Ellis called from his mother's house at 132 West South Street and turned himself in. The warrants were served; evidence was taken and photographed.

**Evidence:**

Photographs of the interior of Henke's apartment

Photographs of the crime scene in the Alexandria National Cemetery

Photographs of Henke's vehicle
